

- Single straight push cylinder
- Programmable logical controller
- ¾ full light
- Automatic pin off
- Header bar retaining teeth
- Key operated on off switch
- Range of loading hoppers available including bespoke systems
- 12 months parts & labour warranty
- Stress engineered body

The KHD 4000 is a high performance compactor. A reliable and proven machine that can be used to compact commercial or industrial waste and even recyclable materials such as cardboard. The 4000 has all the same inherent benefits as our 3000 model but with a 250mm wider charge box for bulkier waste material. The KHD 4000 also comes as standard with high safety features including low 24v operating controls, dual safety monitoring circuits and E-stops at control positions.

Model	KHD 4000
Motor (kW)	11
Power	32 amp
Compaction force	36 tonne
Cycle time	50 seconds
Charge box size	W 1500mm x L 1500mm x H 850mm
Operating pressure	2000 P.S.I
Gross weight	3250kgs
Overall length	3750mm
Overall height	1230mm
Overall width	1750mm

OPTIONAL EXTRAS

XHD upgrade including dual cylinders for increased compaction force, Bin lift system, auto start, bespoke hopper, increased cycle time, telemetry pack, key exchange safety systems, container guide rails.
